

Product Inquiry & Support

We are so glad to have your interest! This guide is here to provide some specific information to help you install the extension.

Command line installation

1. Download the Product Inquiry & Support installation package
2. Copy and paste all the files and folders to the root directory of the project
3. Connect via SSH console to your Magento server, navigate to the Magento root directory and run the following commands:

```
php bin/magento module:enable Magediary_ProductInquiry
```

```
php bin/magento setup:upgrade
```

```
php bin/magento cache:flush
```

```
php bin/magento setup:static-content:deploy
```

4. Log out from the Magento admin and log in again
5. Product Inquiry & Support extension is now installed and ready for work
